COMDR

SUBJECT: Report of Inspection for Federal Recognition, 244th AACS
Engineering and Installations Squadron, Oregon Air National
Guard

TO: The Adjutant General
State of Oregon
412 State Office Building
Salem, Oregon

1. Attached is WD NGB Form 113a, "Report of Inspection for Federal Recognition" for the 244th AACS Engineering and Installations Squadron, Portland International Airport, Portland, Oregon, dated 7 July 1956. This report is forwarded to you in original and one copy as required by Paragraph 8c (2) (a), Air National Guard Regulation 123-2. It is requested that you forward the original copy, with your comments, to the Chief National Guard Bureau.

2. Based on the facts contained in the report, this headquarters recommends that this unit be Federally recognized as of 7 July 1956.

REPORT OF INSPECTION FOR FEDERAL RECOGNITION
(AIR FORCE UNITS)

STATE

Oregon

DATE

7 July 1956

UNIT

244th AACS ENGR & INSTL SQ

STATION

Portland International Airport, Portland, Ore

INSPECTION MADE BY Erickson S. Nichols

RANK

ARM OR SERVICE

Inspector General, Hq 4AF, Hamilton AFB, Calif Colonel

USAF

INSTRUCTIONS TO BOARD

BASIC REGULATIONS. The Inspection Board will be guided by National Guard Regulations, especially NGR 15, 20, 22, 25, and 28, as amended.

PURPOSE OF THIS REPORT. This report is a basis for determining whether the unit reported on shall become a part of the National Guard within the meaning of the National Defense Act, and for deciding whether the military property authorized by that act shall be issued to the State for use by the unit. (See NGR 15.)

REPORT TO BE BASED ON BOARD'S OWN OBSERVATIONS. The Board will base this report upon their own observations and conclusions, obtaining from the unit commander necessary data, which the Board will verify before signing this report.

MAKING OUT AND FORWARDING THIS REPORT. The Board will make this report for each wing, group, squadron, or detachment presented for federal recognition. They will make the report complete in itself without cross reference to other reports of inspection. Immediately after the inspection, the President of the Board will forward the original and one duplicate copy, bearing the Board's recommendations, and the roster referred to in the paragraph below, "Roster of Unit to be Obtained," to the Chief of the National Guard Bureau through the Commanding General, Air Defense Command. Four additional copies will be made and disposed of as follows: 1 to the State Adjutant General; 1 to Commanding General, Numbered Air Force; 1 to the Unit Commander; and 1 to the Commanding General, Army Air Forces, Attention: AC/AS-3, Reserve and National Guard Division.

METHOD OF INSPECTING MEMBERS OF UNIT. Members of the unit present will be inspected in ranks.

ROSTER OF UNIT TO BE OBTAINED. a. Preparation of roster. The Board will obtain from the unit commander a roster

of his unit. This roster will show all commissioned officers, warrant officers, and enlisted men in the unit. The names of officers and warrant officers, and of non-commissioned officers, if any have been appointed, will be listed by rank in grade with first names first. The names of privates first class, if any have been appointed, and privates, will be arranged alphabetically in grade with last names first. Additional information appearing on the roster when applicable to personnel concerned will be as follows:

- (1) Aeronautical rating held
- (2) Age of officer
- (3) Permanent rank and date
- (4) Temporary rank and date

b. Unit commander's certificate on roster. This roster will bear the following certificate signed by the unit commander.

"I CERTIFY that every person inspected as present, or carried as absent on this roster is a bona-fide member of this unit, and that all data furnished to the Board in connection with this roster are correct."

AMPLIFICATION OF REPORT. The President of the Board will, whenever necessary, amplify or explain his replies to questions 1 to 20 below, under the heading "Remarks" following question 20. He will also enter under "Remarks" any pertinent information, not covered by replies to numbered questions, on such matters as type and location of airfield installations, and special local conditions, or unusual difficulties. Where "Remarks" pertain to numbered questions, the President of the Board will note in the body of the report wherever the comment in answer to the question is thus continued and will number the continuation to correspond to the question number. Extra sheets for "Remarks" will be attached to this form as necessary.

ORGANIZATION

1. IS THIS UNIT ORGANIZED AS PRESCRIBED BY THE APPROVED TABLES OF AUTHORIZED STRENGTH ☒ YES ☐ NO IF NOT, IN WHAT RESPECT DOES IT NOT CONFORM

2. HAS UNIT COMPLIED WITH THE PROVISION OF NGB CIRCULAR NO. 1, DATED 15 MARCH 1946 ☐ YES ☐ NO **W/A, Auth ANOR 5-2**

24 November 1956

Major R. L. Jett
Commander
1887th AACS (E&I) Squadron
Hamilton Air Force Base
California

Dear Major Jett:

Major A. E. Garvin, Commander of the 244th AACS E&I Squadron, Oregon Air National Guard, has requested that I write this letter to you. I understand that you and Major Garvin talked by telephone on the 12th of this month and at the Tinker AFB AACS Conference about some of the problems concerning our new AACSE&I Squadron.

For your convenience and future communication with our squadron the following addresses and telephone numbers are listed:

244th AACS E&I SQUADRON
Oregon Air National Guard
Portland International Airport
Portland 13, Oregon

The Squadron occupies buildings 1214 and 1216 at the Portland International Airport (Airbase). The telephone extensions are 531 (during scheduled drills) and 527 (Squadron clerk) for other days. The Portland Airbase telephone exchange number is ATLantic 8-5251.

The Squadron Commander:

Major Albert E. Garvin
5209 SE 60th Avenue
Portland, Oregon

Telephones:
Home: PROspect 1-1649
Business: BELmont 4-3361, 685

The Squadron Engineering Officer:

Captain Joel B. Krausse
2752 S. W. Roswell Avenue
Portland, Oregon

Telephones:
Home: CAPitol 3-4367
Business: CAPitol 6-8266

The next scheduled drill for the 244th AACS Squadron will be the 15th and 16th of December 1956 from 0800 to 1600. We would appreciate very much if you or your authorized representative could be present in order to begin closer coordination with your organization.

It seems apparent from the outcome of the meeting at Tinker AFB earlier this month that the squadron will be attached to your unit for summer field training next year.

Since the activation of the 244th last July we have not had any contact or lines of communication with an active duty AACS unit. There are many problems now confronting us which we feel your organization would be very well qualified to help us with. Some of the problem areas are:

1. A long range training schedule and OJT Plan. We currently have a few of the OJT manuals authorized and hope for more in the future. Any comments or suggestions you have that would be helpful in training for our first year summer camp would be appreciated.
2. Job descriptions of the AFSC's authorized the unit which may be common to yours. We are authorized the following technical AFSC's: 30371, 22250, 22270, 30471, 30452B, 30451A, 30351C, 36370, 36350, 36252, 36330, 56170, 36130, 47270, 47250, 56150.
3. Tech Orders covering equipment we may work with either at camp or on active duty if we are ever activated. We can use any of your old TO's for training.
4. Organizational charts. Anything you have will be of help to us.
5. We now have an SCR-399 Radio to train some of our personnel on and hope to have the loan of an AN/TRC-32 if all goes well. This is not much equipment to train with at the present time but from all indications we should be authorized more equipment in the near future.
6. If your engineering group have any old prints, job folders or specifications of a typical AACS Navigational Aids installations we could use them for training our Engineering Section.

Should your squadron have a copy of the film "The AACS Story" we would like to use it for our next drill. Or if it can be obtained through normal supply channels we will order it.

In closing, Major Garvin and I extend our invitation to you to visit the unit in the near future. We will be happy to discuss the aforementioned problems with you.

Sincerely,

Copy to Maj. A. E. Garvin
