

TEAM SPIRIT 80

REPUBLIC OF KOREA

A festive country. Traveling in Korea is like participating in an ongoing celebration, both for past glories and the achievements of the modern era. One of the wonders of the country is that in spite of generations of invasion and occupation by neighboring countries its culture is distinctly Korean and not just an Oriental potpourri. You will feel this distinction as you visit ancient palaces in tranquil gardens, examine celadon vases and gold crowns unearthed from royal tombs or photograph a lively farmers' dance at a folk festival.

While preserving traditions, Korea has allowed for the new, especially in the realm of tourism. Throughout the country, transportation systems are efficient, and hotels, whether locally owned or operated by international chains, offer deluxe accommodations, sophisticated restaurants, shopping arcades and swimming pools. A travel

REPLY TO ATTN OF: CC

SUBJECT: Letter of Appreciation

TO: 252 CMBTCG/CC

1. Thank you for your support of our communications effort at Cheong Ju AB, Korea during the recent TS 80 exercise.
2. SSgt Don Hansen^{Sgt} and A1C Rebecca Heiter^{Sgt} did an excellent job maintaining the AN/TTC-22 switchboard facility. Both individuals deserve high praise for their "can do" attitude and professionalism displayed throughout the exercise.
3. Special thanks go to SMSgt Norby^{Sgt} and SMSgt Dent^{Sgt} who devoted much of their time assisting us at Cheong Ju AB in restoring and maintaining the AN/TTC-22 switchboard facility in its automatic dial mode. Both individuals also shared with our people much of their technical knowledge regarding the capabilities of the TTC-22. Their visits to our site were greatly appreciated by our personnel.
4. Please convey my appreciation, and gratitude to these individuals.

SUBJECT: Letter of Appreciation

TO: 252nd Combat Communications Group/CC
Portland ANG Base, OR 97218

1. I would like to express my appreciation for the superior support provided by Maj Keith E. Hallmark during Team Spirit 80. His technical and professional competence was apparent when I arrived at Kimhae AB, Korea as the cadre commander. In fact, I was so impressed with Maj Hallmark that I returned the cadre communications officer to Yokota.
2. Maj Hallmark integrated all of the deployed communicators into a very cohesive and professional team. They provided excellent communications service to our base operation and became a vital part of our total support force. He did a tremendous job of managing and leading the entire communications team.
3. Please convey my sincere appreciation to Maj Hallmark for a super job. He is truly a professional in every respect.
