REPLY TO
ATTN OF: OTAG/CC

30 October 1985

SUBJECT: Congratulations and Appreciation

TO: All Members of the 252 Combat Information Systems Group

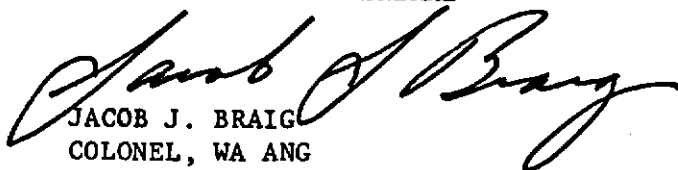

1. The 252 CISG has won three significant awards during the past few months. On Saturday of the October UTA, Major General Geehan, the ANG Advisor to the Commander, Air Force Communications Command, visited Camp Murray to present AFCC's Unit Achievement Award which recognizes the 252 CISG as the Outstanding ANG Combat Information Systems Group. This award was especially significant for two reasons: First, seven of the nine groups (nearly three-fourths of the USAF's combat information systems capability), are in the ANG, and secondly, and probably most significant, this is the second year in a row that the 252 CISG has won the award. That's a first, incidentally. Just prior to the above award, the Tactical Information Systems Division of AFCC had named the 252 the Outstanding Combat Information Systems Group for 1984. To cap it off with the big one, I recently received a message from Major General Conaway, Director of the Air National Guard, congratulating the 252 CISG on being awarded the Air Force Outstanding Unit Award. That's your third Outstanding Unit Award in the last nine years.

2. Your superb performance during your 1984 Operational Readiness Inspection contributed a great deal toward your winning these awards. You established a standard which no other group, active or ANG, has yet been able to meet.

3. These awards are normally presented at Group Headquarters, and it's unfortunate that you cannot all be present for the ceremonies. But you do share the honor, and each and every one of you should be proud to be a member of the winning team.

4. On behalf of the Adjutant General and our state headquarters, let me congratulate you on your accomplishments and thank you for the excellent job you do each day. It's an important job, because our national security depends on it. I'm glad we have people like you to do it.

FOR THE ADJUTANT GENERAL

JACOB J. BRAIG
COLONEL, WA ANG

17 December 1985

SUBJECT: Air Force Outstanding Unit Award

TO: Commander, Oregon Air National Guard

1. I am very pleased to inform you of the selection of the 244 Combat Information Systems Squadron being selected to receive the Air Force Outstanding Unit Award for their contributions to the 252 Combat Information Systems Group achievements during the past year.

2. As part of the 252 CISG, the 244 CISS can be justly proud for their outstanding contributions to this team effort. Please pass my sincere appreciation and congratulations to all the men and women of the 244 Combat Information Systems Squadron.

RICHARD A. MILLER
Major General
The Adjutant General

TO: 244 CISS

1. I want to express my personal congratulations to you and the men and women of the 244 Combat Information Systems Squadron for receiving the Air Force Outstanding Unit Award. Your pride and enthusiasm reflect well on your organization and the Oregon Air National Guard. I encourage you to continue to develop your mission capability with the same positive attitudes that have served you so well in the past.

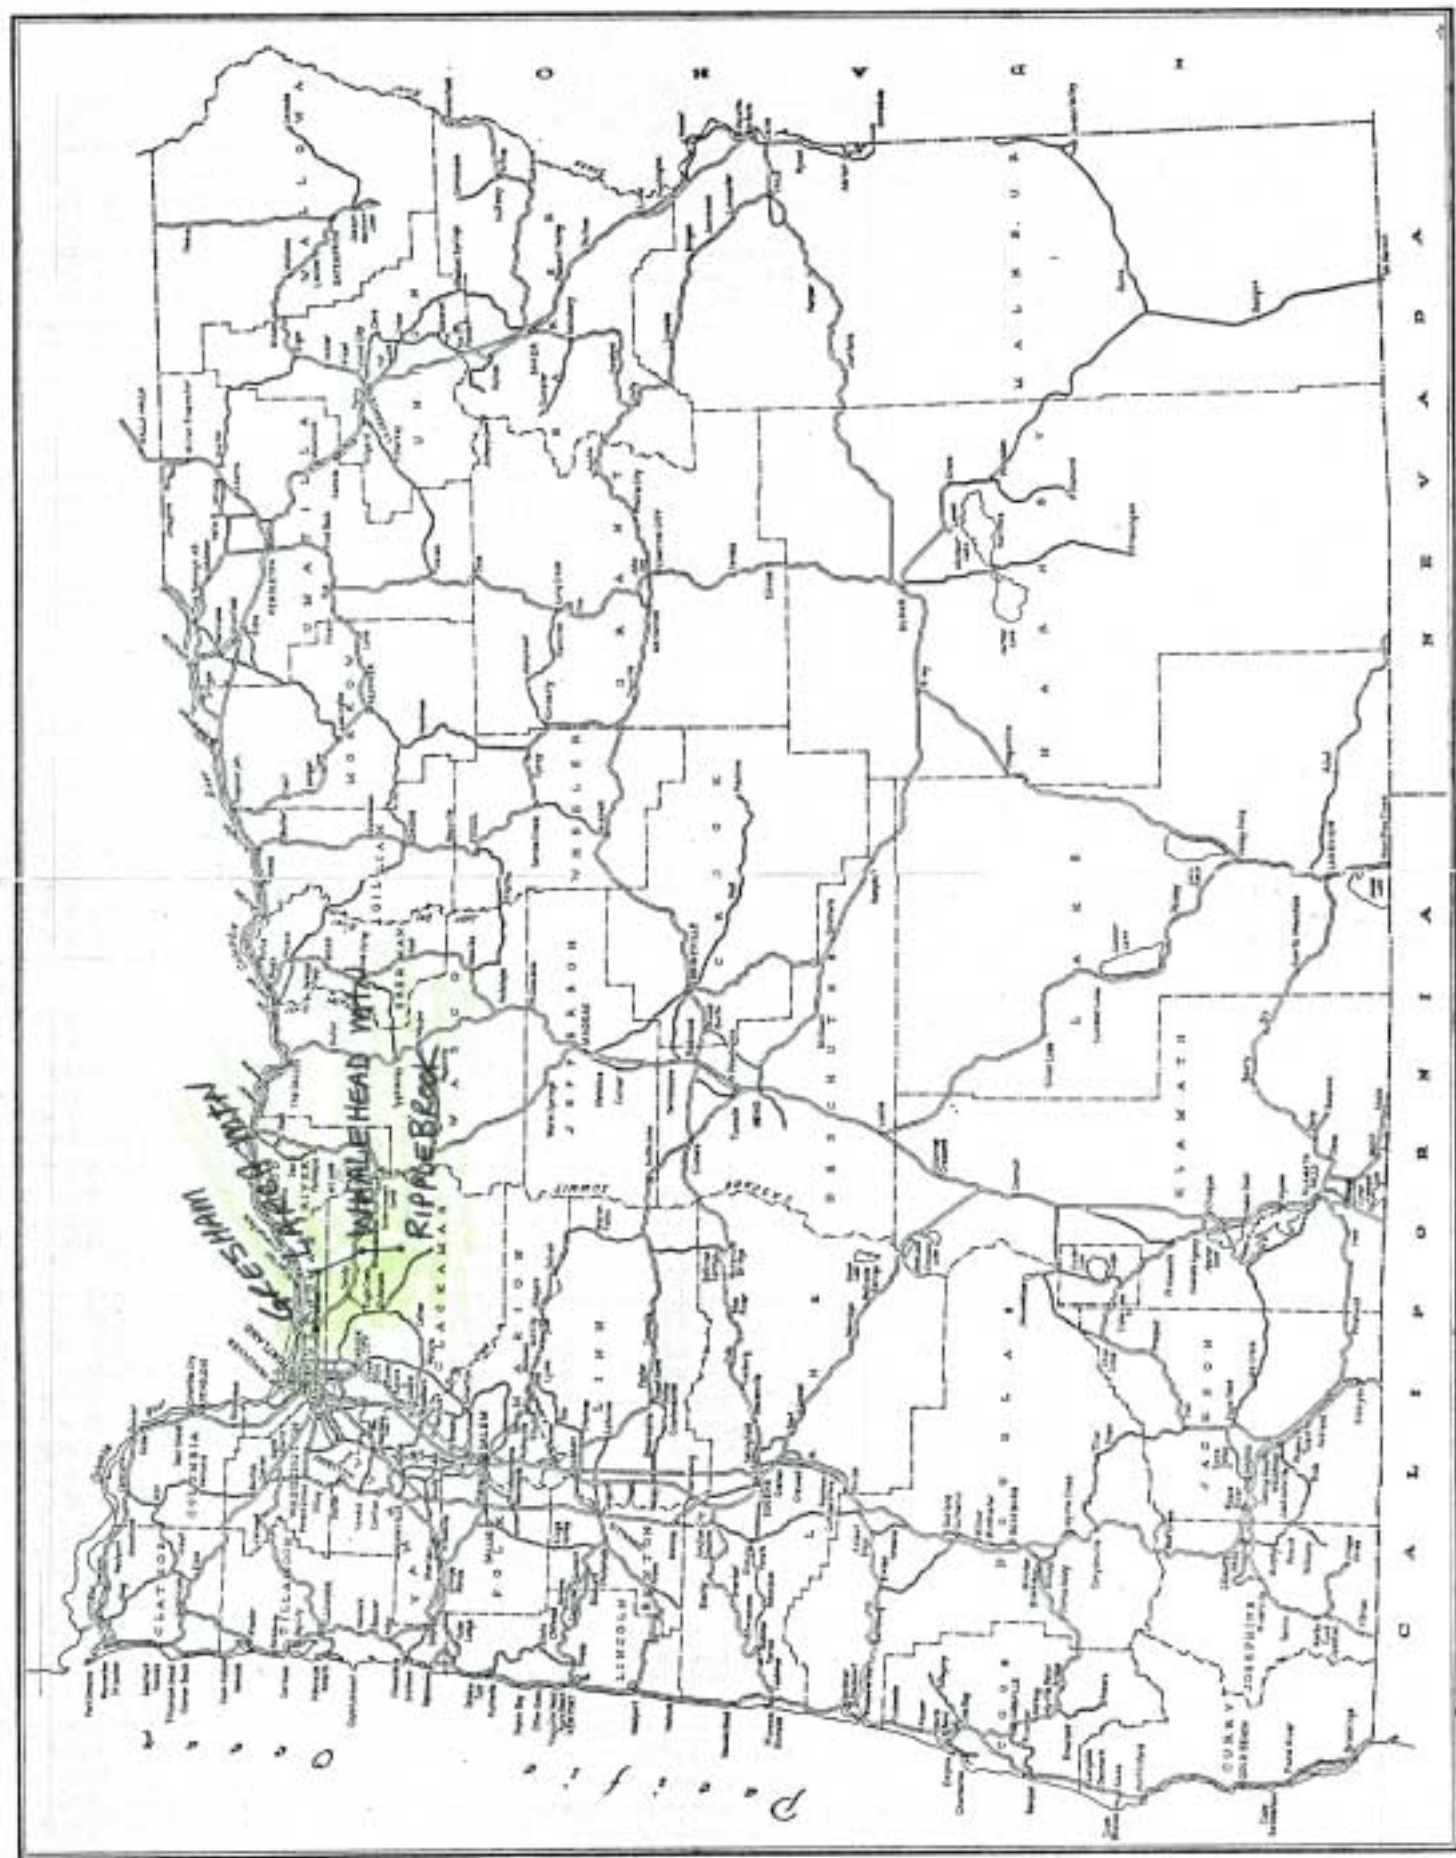

2. Again, please extend to all members of the 244 CISS my congratulations and best wishes for future success.

FOREST FIRES 1985

JUNE BUG

Forest Fire Support

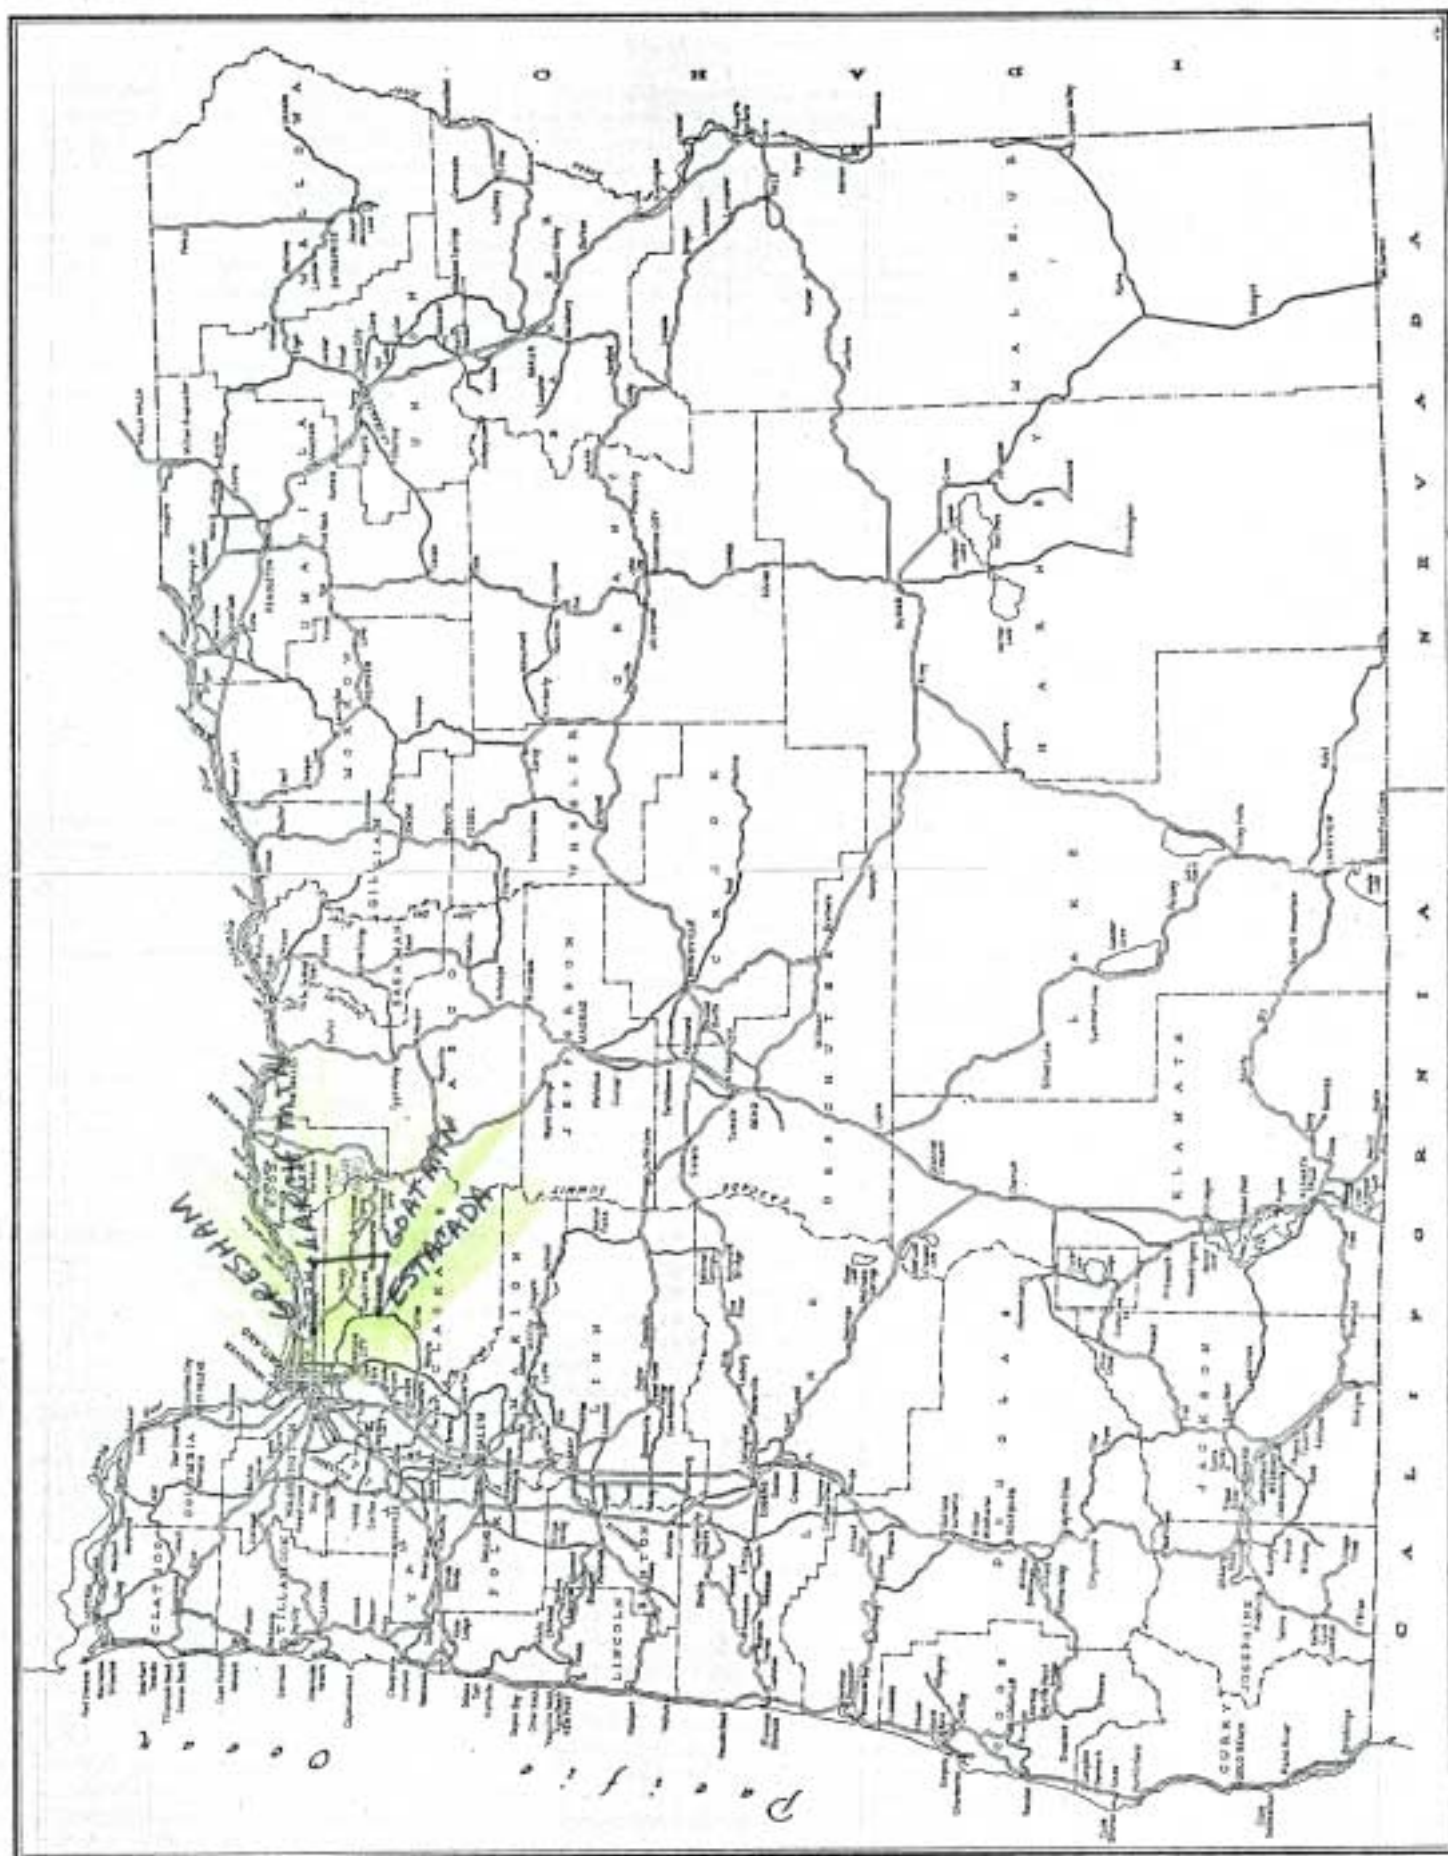

JUNE BUG

On 7 July the 244th Combat Communications Squadron was contacted by the Mt Hood National Forest Supervisor's Office to provide communications support for a forest fire in the Mt Hood National Forest.

Four wideband radio teams were deployed from Portland IAP to establish communications between the Supervisor's Office - Gresham and the Base Camp at Ripplebrook Ranger Station. Radio Relays were established at Larch Mountain and Whalehead Mountain.

FOREST FIRES 1985

BOZO

Forest Fire Support

BOZO

On 25 July the 244th Combat Communications Squadron was contacted by the Mt Hood National Forest Supervisor's Office to provide communications support for a forest fire burning southeast of Estacada in the vicinity of the North Fork Clackamas River.

Four wideband radio teams were deployed, however only two were placed into service. Relay sites were established at Larch Mountain and Goat Mountain to establish communications between the Forest Supervisor's Office, Gresham and the Bozo Fire Camp at Estacada.
